# INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1947 edition of the Charlotte City Directory.

Confidence in the continued growth of Charlotte's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Charlotte to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Charlotte Directory will fulfill its mission as a source of authentic information pertaining to the city.

### Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 29 to 793, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Charlotte, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 136, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Charlotte. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Charlotte, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 933 to 1000, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE POSTAL UNIT GUIDE, on pink paper, follows the Classified and is separately paged from 1 to 4. This section is reproduced verbatim from copy supplied by the postal authorities.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, follows the Postal Unit Guide and is separately paged from 5 to 174. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, follows the Directory of Householders.

### Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Charlotte.

### The Charlotte Directory Library

Through the courtesy of the publishers of the Charlotte City Directory, a Directory Library is maintained in the offices of the Charlotte Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

# CHARLOTTE

"Queen City of the South"

(Courtesy The Charlotte Chamber of Commerce, Inc., Charlotte, N. C.)

## LOCATION IN RELATION TO LARGER CITIES

Charlotte, the county seat of Mecklenburg County, is located in the south central section of North Carolina. It is 600 miles southwest of New York City, 400 miles southwest of Washington, D. C., 600 miles southeast of Chicago and 250 miles northeast of Atlanta, Ga. It is the center of the nationally-known "Piedmont Carolinas."

Looking South on South Tryon Street

## POPULATION

The population within the city limits of Charlotte is 100,899. Within a 50-mile radius, there are 600,000 people—69% of whom are white and 99% native-born.

## ELEVATION

Charlotte has an elevation of 779 feet above sea level datum. The city is neither flat nor hilly, but has a gradual rolling contour. The Piedmont section, of which Charlotte is the center, is the most level section in the two Carolinas.

## TRANSPORTATION

There are 4,500 miles of hard-surfaced roads within 150 miles of Charlotte, which makes practically all important sub-distribution points in the two Carolinas accessible by motor truck overnight. Motor bus lines maintain regular schedules to Greensboro, Raleigh, Asheville, Winston-Salem, Salisbury, Statesville, Columbia, Greenville, Spartanburg, Rock Hill and Chester, connecting at those cities for more distant points.

The Charlotte motor bus system reaches into every residential and industrial section of the city, embracing 121 miles. Convenient schedules are maintained on all lines, and the service is complete in every detail. Charlotte is the home of the Duke Power Co., supplying the Piedmont Carolinas with light, power and transportation.

There are four railroads entering Charlotte, one of which has two branch lines. These are:

Southern Railway (main line New York-New Orleans)
Statesville Branch
Columbia Division.

Seaboard Air Line Railway.

Norfolk-Southern Railway.

Piedmont & Northern Railway (electric).

Many passenger trains arrive and depart from Charlotte daily, 21 trains handling express, and nearly 200 solid carloads of freight. One hundred thirteen package cars leave Charlotte daily to serve the manufacturers and distributors now located here.

Charlotte is served by the Eastern Air Lines, which operate 14 planes into the Municipal Airport, carrying passengers, express and mail.

Charlotte is the center for motor transportation for the Southeast—over 75 different carrier lines either have headquarters, branch offices or stations in the city.

## WATER

The city has just completed a new water plant at a cost of over $1,000,000. The intake is now being carried in a 30-inch and 24-inch pipe, with over 10,000,000 gallons of raw water per day being taken to the new plant. Of this quantity the City of Charlotte consumes 8,500,000 gallons daily. The source of supply is the Catawba River, nine miles from the center of the city, which has a flow of approximately 7,000,000,000 gallons daily. The lowest mean monthly flow on record (November, 1925, 1052 CFS) was 680,000,000 gallons daily. Plant capacity, 16,000,000 gallons.

## LABOR

Sixty per cent of the total population of available workmen in North Carolina are still engaged in agriculture, a labor reserve adequate to meet any industrial demand for years to come. Since direct immigration from Europe into the South stopped in 1760, the population is 99.3% native-born of old American stock, 69% of which is white.

The labor in Charlotte is of a better type than in the older industrialized sections of the North and East, intelligent, loyal, easily trained, 100% American, and inclined to be contented with decent treatment and fair wages. This labor is constantly streaming into Charlotte from the farms and villages, and there is apparently an unlimited supply. The city has trained them to make full-fashioned hosiery, automobile tires and textile machinery; to assemble

Ford cars, and to perform other operations requiring a high degree of skill. There are in successful operation at the present time, seven cotton mills in Charlotte, but there are altogether 324 different factories, small and large, making over 175 different types of products, including silk weaving, full-fashioned hosiery and other textile specialties.

## CHARLOTTE DISTRIBUTING CENTER

Charlotte is the shopping and distributing center for a radius of 150 miles. Because of this fact, a great proportion of the people in Charlotte are employed in banking, department stores, offices, and various distributing enterprises, and are of a slightly higher grade of intelligence than is found in most of the strictly manufacturing towns. This means that in each family there are young people growing up who are a little above the mill type of intelligence, but are nevertheless, available for employment, and to these people the better paid, more attractive work of the specialty mills appeals. This exceedingly high-grade labor is hard to find in any city much smaller than Charlotte, and there is still an abundance of it available here, of both sexes. In addition to this, there

Looking North on South Tryon Street

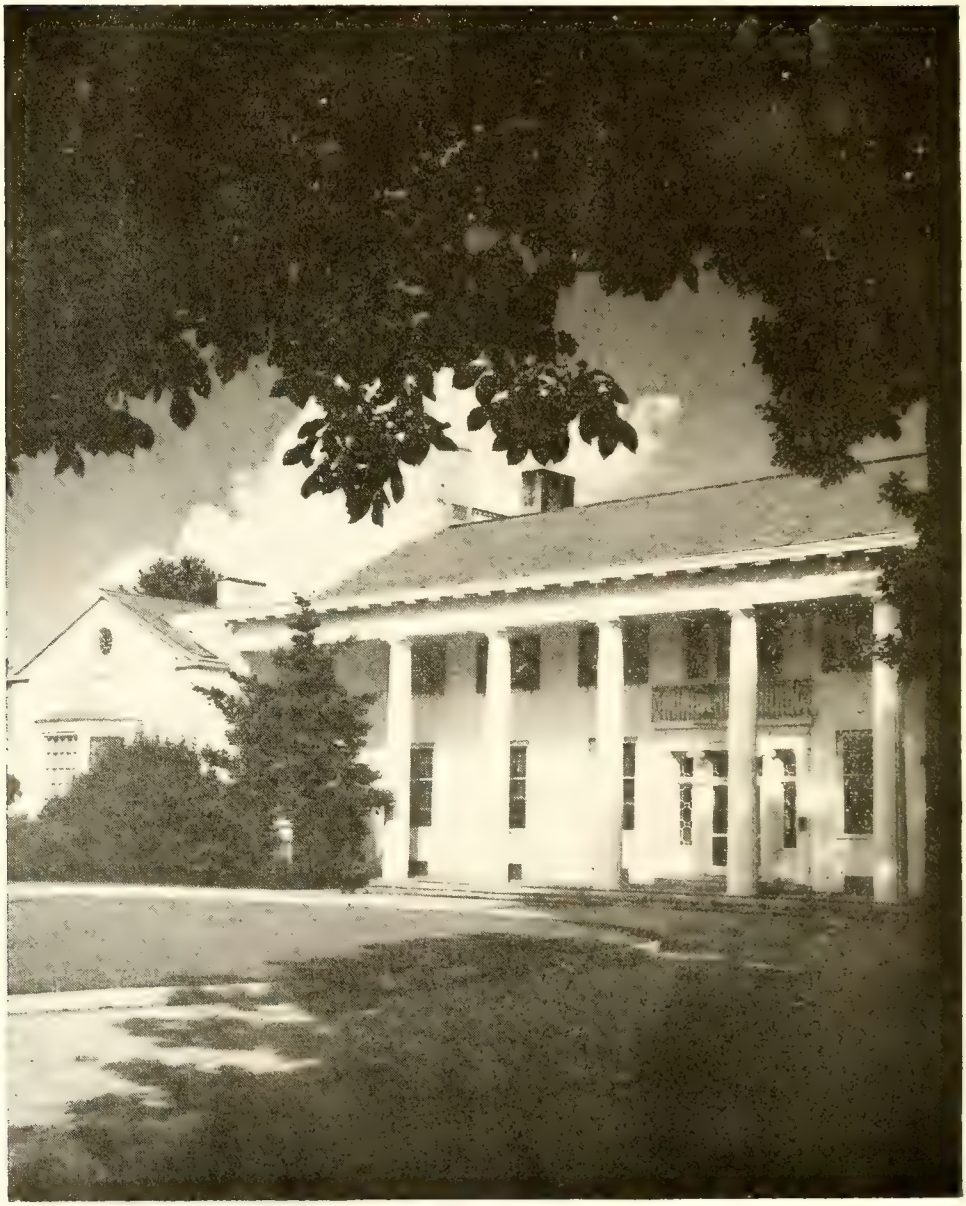
are the opportunities for social and recreational activities, which a city of the type of Charlotte offers, not found in smaller places.

Wage-earners of the better class require social contacts such as Charlotte offers, and which are not found in smaller towns, either in the North or the South. They require opportunities for entertainment, movies, parks, golf courses, good roads for automobile driving, etc. Charlotte offers facilities for this type of diversion that are unexcelled outside of the large metropolitan centers.

## CLIMATE

While the matter of climate is not always a major consideration in manufacturing, nevertheless it will probably be of interest that Charlotte has a very equable climate. The average temperature for January, for the last 44 years, was 41 degrees F., and for July, 78 degrees; the mean average yearly temperature was 60.2 degrees F. Average rainfall, over similar period, was 46.86 inches, and the mean relative humidity at 8:00 A. M. was 78.5% and at 8:00 P. M., 62.0%. This means, in a few words, that the cost of maintaining an even temperature in buildings is much lower here than at any point in the North.

**Looking South on North Tryon Street**



## TRADING CENTER AND IDEAL DISTRIBUTING POINT

Charlotte has a greater population within a 50-mile radius than Richmond; a greater population within a 100-mile radius than Atlanta. Charlotte is the geographical and business center of the Carolinas.

| | 50-mile radius | 100-mile radius |
|---|---|---|
| Richmond | 468,000 | 2,124,000 |
| CHARLOTTE | 583,000 | 1,972,000 |
| Atlanta | 711,000 | 1,904,000 |

### Charlotte's Trading Territory

| | | |
|---|---|---|
| Population of city and suburbs, | approximately | 150,000 |
| Population within 25-mile radius, | " | 250,000 |
| Population within 50-mile radius, | " | 600,000 |
| Population within 75-mile radius, | " | 1,200,000 |
| Population within 100-mile radius, | " | 2,000,000 |
| Population within 150-mile radius, | " | 4,500,000 |

**Charlotte Country Club**

Charlotte offers the finest opportunities of today as the logical location for new industries, distributors, wholesale houses and business interests of every description that wish to take advantage of the manufacturing and trade opportunities in this rapidly-developing section, the richest trading territory in the South.

Note—Branch Federal Reserve Bank of Charlotte.

Radio Station WBT, 50,000-watt station; WAYS and WSOC (three radio stations—Columbia, Mutual and National systems, both Red and Blue networks).

## CHAMBER OF COMMERCE INVITES INQUIRIES

The Charlotte Chamber of Commerce extends an invitation to outsiders to visit this city and experience the Charlotte spirit of good-will and cooperation. The Chamber, with C. O. Kuester as business manager, gladly supplies information regarding Charlotte to all who write or call. The Chamber of Commerce also invites the outside public to tune in on WBT, Charlotte's 50,000-watt radio broadcasting station, one of America's finest and best.

## MECKLENBURG COUNTY

### Gained 23,855 Population, 1930-1940

Mecklenburg County, according to the 1940 U. S. Census, had a population of 151,826, an increase of 23,855 over 1930. The increase was approximately 18% for the ten-year period.

The population of Charlotte was established as 100,899 by the 1940 Census, an increase of 18,224 over 1930. This means that all but 5,631 of the increase in the county's population was within the city limits of Charlotte.

The Census revealed that Mecklenburg County had 3,136 farms.

The population of Charlotte Township, which includes a fringe of land all the way around the city limits, was set at 113,163. Nearly all the county's population gain was in the city and Charlotte Township. Estimated, 1946, 115,000.

Charlotte is alive, aggressive and progressive.

Charlotte citizens cooperate in matters which prompt the civic, commercial, religious and welfare of the community.

Charlotte is a friendly city. It welcomes the newcomer, be he from the North, West, East or South.

Showing the Federal Reserve Bank and the Masonic Temple, South Tryon Street

## STATISTICAL REVIEW

Slogan—"Watch Charlotte Grow"; also "Queen City of the South."

Form of Government—Council-manager.

Area—19.6 square miles.

Climate—Mean annual temperature, 60.2 degrees F.; average annual rainfall, 46.86 inches.

Altitude, 779 feet above sea level.

Parks—23, with total of 352 acres, valued at $600,000.

Bonded Debt—$8,465,000 (net, $4,052,203.56).

Financial Data—2 national banks, 2 state banks and 4 industrial banks, with total deposits of $501,188,906.53 (Dec. 31, 1946), and total resources of $533,952,669.13 (Dec. 31, 1946). Branch of Federal Reserve Bank of Richmond located here. Clearings for national and state banks for 1946, $3,078,797,756. 3 building and loan associations, with total assets of $12,032,445.75 (Dec. 31, 1946).

Postal Receipts—$1,810,335.00 (calendar year 1946).

Telephones in Use—39,744.

Churches—175, representing 18 denominations.

Building and Construction—Value of building permits, $9,300,000 (1946).

Industry—Chief industries of city and surrounding territory: Manufacturing, 55%; agriculture, 45%. 324 manufacturing establishments, paying wages of $12,750,000 annually, and having products valued at $57,915,697 annually (last available report, 1940).

Trade Area—Retail area has radius of 50 miles, and population of 583,000; wholesale area, radius of 75 miles, and population of 1,131,000. 1,700 retail stores in city, with annual sales of $50,997,000 (last available report, 1940).

Newspapers—2 daily, 1 Sunday and 3 weekly.

Hotels—8, with total of 1,350 rooms. Newest hotel opened in 1940 (200 rooms).

Railroads—4: Southern, Seaboard Air Line, Norfolk-Southern and Piedmont & Northern (last an electric line).

Highways—U. S. 29, 31 and 74; State 27, 49, 262 and 271.

Airports—2 privately-owned, 2½ miles from center of city; 1 municipal, 5 miles from center of city.

Mint Museum of Art

Amusements—Largest auditorium in city (also the largest in North Carolina) seats 5,000 persons. Total seating capacity of theatres, 7,500. 13 golf courses in city and suburbs, including 1 municipal course.

Hospitals—4, with total of 783 beds; also 4 others.

Education—Queens College (for women); Johnson C. Smith University (for colored). 33 public schools, including 3 senior high and 2 junior high. 1 parochial school. Number of pupils in public schools, 17,912; in parochial, 180. Number of teachers in public schools, 554; in parochial, 8. Value of public school property, $4,294,587; parochial, $150,000; college, $1,000,000.

Public Libraries—7, including branches, with total of 60,000 volumes. 30 library service stations.

City Statistics—Total street mileage, 320, with 150 miles paved. Miles of gas mains, 94; sewers, 276; motor bus routes, 121. Number of light meters, 28,500; gas meters, 7,085. Miles of water mains, 275; value of plant, $5,505,000. Fire department has 126 men, with 7 stations and 18 pieces of motor equipment. Police department has 101 men, with 1 station and 20 pieces of motor equipment.

## AS A MANUFACTURING CENTER, CHARLOTTE OFFERS:

1. Low power rates for manufacturing purposes.
2. Close proximity to the sources of all materials for finished products.
3. Cotton, cotton yarns, cottonseed, cotton oil, tobacco, peanuts, kaolin, wood pulp, lumber, etc.
4. Logical location for a manufacturer of commodities for export through the ports of Norfolk, Wilmington, Charleston and Savannah.
5. A very desirable type of high-class labor available to manufacturers.
6. Mild climate conditions throughout the year. There are nine months of exceptional open-season weather.
7. The adequate transfer facilities of four railroads, with daily terminal facilities of 5,200 carloads.
8. Desirable living conditions and unusual residential developments.

The quality of Charlotte's water is excellent. The supply is abundant, with a modern filter plant, completed at a cost of $1,000,000 or more, a daily capacity of 16,000,000 gallons and an average daily pumpage of 8,500,000 gallons. Electricity, ample and at low rates, has been probably the greatest factor in the industrial and commercial development of Charlotte.

Charlotte's rapid growth as a manufacturing and business center has developed financial institutions commensurate with the demands of the rapidly-growing city and section which they serve.

## CALENDAR OF HISTORICAL DATES

1748 First permanent settlers in Mecklenburg County.

1749 Earliest land grants from the Crown.

1750 Trade routes with Charleston, S. C., established over Indian trails.

1754 Meeting of King Hagler, chief of Catawba tribe, and commissioners appointed by the governor to establish amicable relations between Indians and the settlers.

1762 Mecklenburg County created.

1766 Log court house built.

1767 March 15. Birth of Andrew Jackson in the southeastern section of Mecklenburg County, now Union County.

Thomas Polk's sawmill and grist-mill begin operation.

1768 Charlotte is incorporated. County divided; upper half becomes Tryon County.

1771 Presbyterian ministers perform marriages, a privilege theretofore restricted to ministers of the Established Church and justices of the peace.

1774 Charlotte made county-seat. Population, 200.

Queen's Museum becomes successor of Queen's College.

1775 May 1. Because of dissatisfaction with the administration of Governor Josiah Martin, Thomas Polk is authorized to call a meeting of delegates from each district.

May 20. Assembly held in the court house in Charlotte.

Mecklenburg Declaration of Independence approved and read. Captain James Jack deputized to take document to Continental Congress in Philadelphia.

May 31. Assembly reconvenes and draws up another set of resolutions, called the Resolves.

June 23. Captain Jack arrives in Philadelphia with the Declaration of Independence. Congress is preparing address to the King, repudiating desire for independence, so Declaration is not presented.

1776 John Phifer, Robert Irwin and John McKnitt Alexander, representatives of the county in Congress, instructed to declare for independence.

1777 Mecklenburg troops ordered north; engage in battles of Germantown and Brandywine; spend winter with Washington at Valley Forge.

1780 Sept. 26. Battle of Charlotte; Cornwallis occupies town.

Oct. 3. McIntyre Farm skirmish (Battle of the Bees).

Oct. 7. British Colonel Patrick Ferguson killed at Battle of Kings Mountain and his force defeated.

Oct. 12. Cornwallis withdraws from Charlotte, referring to the place as a "hornet's nest."

1781 Feb. 1. 300 Revolutionaries defeated at Cowan's Ford, near Charlotte, by Cornwallis; General Wm. Davidson slain.

1790 Population, 325.

1791 George Washington visits Charlotte.

1792 Cabarrus County created from eastern section of Mecklenburg.

Andrew Jackson licensed to practice law in Charlotte.

U. S. Post Office established.

1795. Nov. 2. James Knox Polk, 11th President of the U. S., born in one-room log cabin 12 miles south of Charlotte.

1799 Gold discovered in county.

1812-14 Five companies of Mecklenburg troops serve throughout War of 1812.

1818 Census shows 70 families.

1825 First newspaper established, "Catawba Journal."

1830 Population, 730. First fire engine purchased; cost $100.

1837 Branch of the U. S. Mint begins operations.

1838 Charlotte Male Academy opens.

1840 Population, 849, including 301 Negroes.

1842 Union County formed from southeastern section of Mecklenburg.

1847 Company of dragoons, under Green W. Caldwell, leaves for Vera Cruz to serve in the Mexican War.

1849 Contract let for grading railroad from Charlotte to Columbia, S. C.

1850 Population, 1,065.

1852 First passenger train arrives; picnic attended by crowd estimated at 20,000.

1854 First steam power used in Leroy Springs' flour mill.

***Do your employers furnish you with the latest edition of the City Directory?***
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

***Do your employers furnish you with the latest edition of the City Directory?***
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

***Out of Sight - Out of Mind - Out of Business***
*The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.*
**The City Directory is the natural medium for keeping a business or product name in the spotlight**
***Insist on Being Well Represented in Its Pages***

***Do your employers furnish you with the latest edition of the City Directory?***
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

***Do your employers furnish you with the latest edition of the City Directory?***
You need it at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

***Do your employers furnish you with the latest edition of the City Directory?***
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
